Once a date, time and location has been established we will take your details such as name, address, email, telephone number, child's name and number of children to attend the party (this number can be changed and will be confirmed nearer to the date of the party). All this information is then put on a booking form and this is then sent or emailed to you.

WHAT HAPPENS ON THE DAY

On the day of the party, we will be at the venue, set up and waiting for you to arrive.

When the children arrive they will be greeted at the door by a member of staff who will give them a name badge and ask them to remove their shoes and socks (health and safety).

We will also ask the parents who are leaving their children to write down their contact details in case of emergency.

The children are able just to play and familiarised themselves with the equipment for about 5 – 10 minutes.

We then will gather all the children up and introduce the staff, point out the toilets and explain the party. Then there will be one hour of supervised party games and supervised play on the equipment. (The games depend on the age of the children)

Example of games we may play:
